

LABELING SIMPLIFIED SOFTWARE - SIGNANT HEALTH LABELING INTEGRATION

It can be complex to create the medication labels required in global clinical trials. The integration of **Signant SmartSignals GxP inventory** with **Software Prisym 360** provides a seamless label design, approval, and printing process for Investigational Products.

One-time configuration of the Software-Signant connector enables trial supply managers to enhance accuracy, efficiency, and regulatory compliance by streamlining clinical trial labeling processes

COMPLIANCE

Ensured regulatory compliance
Eliminate master data transcription errors

EFFICIENCY

Simplified label management
Enter master data once in GxP Inventory
Real-time API data transfer to Prisym 360

STREAMLINED WORKFLOW

Approved label designs in Prisym 360
Seamless print requests between systems
Automatic job completion notifications for full transparency
Facilitates label and patient kit inventory reconciliation

PRISYM 360, A SOFTWARE APPLICATION, IS AN INDUSTRY LEADING CLINICAL TRIAL LABEL AND PRINT PLATFORM PROVIDING:

- | | | | |
|----|---|----|--|
| 01 | Clinical label content collation and management | 05 | Automated booklet layout |
| 02 | Phrase and translation management | 06 | Direct label printing |
| 03 | System-driven regulatory rules | 07 | System-generated booklet labels |
| 04 | Label and booklet design | 08 | 21 CFR part 11 approvals and version control |

WHO IS SIGNANT HEALTH?

Signant Health is the evidence generation company. We are focused on leveraging software, deep therapeutic and scientific knowledge, and operational expertise to consistently capture, aggregate, and reveal quality evidence for clinical studies across traditional, virtual, and hybrid trial models. For more than 25 years, over 600 sponsors and CROs of all sizes – including all Top 20 pharma – have trusted Signant solutions for remote and site-based eCOA, EDC, eConsent, RTSM, supply chain management, and data quality analytics.
