

THE PATH TO PROOF, REIMAGINED

As an evidence generation company, we're proud to stand out for our unwavering vision and reliable expertise. By blending advanced technology with deep clinical and operational knowledge, our eClinical software prioritizes improving the experience for patients and sites alike. Our goal is to streamline the data journey, ensuring it's straightforward and objective.

4 ELEMENTS OF GENERATING QUALITY DATA

SOLUTION

Best-in-class eClinical solutions including EDC, eCOA, eConsent, RTSM, clinical supplies, Telemedicine, and endpoint quality solutions ensure sponsors, CROs, and sites have all necessary capabilities without unexpected gaps.

SCIENCE

Backed by more than 50+ medical and clinical Scientists, we proactively guide studies from protocol design to regulatory submission. With a focus on the best solutions and practices, we ensure the generation of reliable evidence.

SCALE

Our end-to-end solutions, supported by global infrastructure, enables seamless scaling from early-phase, local trials to multinational pivotal trials. Flexibility and adaptability are at the core of our approach.

SERVICE

From scale acquisition and implementation expertise to translation services and patient-facing local language helpdesk, our operational infrastructure ensures hassle-free implementations for studies of any complexity, indication, and time zone.

SIGNANT SMARTSIGNALS®

COMPREHENSIVE EVIDENCE GENERATION SOLUTIONS

EVIDENCE GENERATION

- Home Health
- Courier Logistics

A RECORD

OF SUCCESS

At Signant Health, we combine world-class technology solutions with clinical and operational expertise to generate the highest quality, most reliable evidence. This science-led solutions approach has facilitated hundreds of novel drug approvals.

SINCE 2016, WE'VE SUPPORTED:

234 out of **845**

**novel drug approvals
in the US and Europe**

28%

**of all FDA and EMA
novel drug approvals**

WHY PARTNER WITH SIGNANT?

TAILORED SOLUTIONS FOR EVERY INDUSTRY SEGMENT

Benefit from solutions that span all four elements of trial optimization, tailored to the needs of every segment of the market from established research sponsors to emerging biopharma and contract research organizations (CROs).

HIGH-QUALITY EVIDENCE FOR ACCURATE DECISION MAKING

Capture reliable evidence from anyone, anywhere with our comprehensive data capture technologies such as EDC/DDC, eCOA, and eConsent paired with expert scale management services.

ON-TIME PROJECT DELIVERY

Launch studies on time and apply mid-study changes rapidly with solutions that can be implemented quickly such as those within our Signant SmartSignals® Unified Platform.

UNPARALLELED SCIENTIFIC EXPERTISE

Leverage more than 50 full-time clinical and digital health science experts experienced in all therapeutic areas who ensure the best solutions and best practices are in place to maximize opportunities for success.

GLOBAL EXECUTION, LOCAL TEAMS

Work with project teams in your time-zone to simplify and streamline execution for local or multinational studies.

ROBUST SERVICES & OPERATIONAL KNOW-HOW

Experienced global project delivery teams, mature operational processes, international procurement and logistics, COA scale and license management, biostatistics and data analytics, and 24/7 local language helpdesks are just some of our service offerings that drive hassle-free implementations.
