MAKE IT EASIER TO PROVIDE HIGH-QUALITY CLINICAL OUTCOME ASSESSMENTS DATA.

Electronic clinical outcome assessments (eCOA) simplify and accelerate the data collection process while ensuring the best quality and integrity.

ELIMINATE ERRORS

Unlike pen and paper, our eCOA features built-in branching logic and error checks to eliminate ambiguous, conflicting, or missing data.

ENSURE TIMELY COMPLETION

Visit windows and completion reminders drive timely completion, while time/date stamps demonstrate completion timeliness to satisfy regulatory data integrity requirements.

LIMIT MISSING DATA

Drive remote completion adherence through helpful reminders and non-compliance alerts.

ENHANCE SITE-BASED DATA QUALITY

Electronic collection eliminates administration errors and missing data associated with site-based paper-administered COA collection.

Delivering Successful eCOA

eCOA is far more than just technology. Signant SmartSignals eCOA perfectly addresses the Four S's needed for successful eCOA implementation: Solution, Science, Scale and Service.

SOLUTION
